PERSONAL STATEMENT

Enthusiastic and motivated Computer Science graduate specializing in MERN stack development. Skilled in building responsive web applications using React.js, Node.js, Express.js, and MongoDB. Passionate about writing clean, maintainable code and transforming design concepts into functional, user-friendly applications. I am eager to begin my professional career and contribute to a dynamic development team.

KEY ACHIEVEMENTS

Project: Developed a full-stack e-commerce web application with authentication and product management using the MERN stack.
Project: Designed and implemented a responsive task management website in IOT based project with real-time API integration.
Project: Successfully completed multiple full-stack development projects in "**Hackathon**" with strong performance.

EDUCATION

BSc in Computer Science and Engineering

American International University-Bangladesh (AIUB), Dhaka
Expected: May 2027

Relevant Coursework:
CSC1101 – Introduction to Computer Studies
CSE2201 – Data Structures & Algorithms
CSE3101 – Database Management Systems
CSE4101 – Software Engineering
CSE4201 – Web Technologies
CSE4301 – Object-Oriented Programming
CSE3301 – Computer Networks
CSE3401 – Operating Systems
CSE4601 – Artificial Intelligence & Expert System

Higher Secondary Certificate (HSC)

Group: Science
College Name: BAF Shaheen College Tejgaon, Dhaka
Year: 2022

Secondary School Certificate (SSC)
Group: Science
School Name: Nabarun Public School, Sherpur
Year: 2020

LANGUAGES

Programming Languages: Python, C, C++, C#, Java, PHP, JavaScript.

Natural Languages: Bengali (first language), English (fluent speaking and writing), Urdu (speaking and listening), Hindi (speaking and listening).

SKILLS

- Strong problem-solving ability
- Good communication and teamwork
- Quick learner and adaptable
- Ability to work independently

AWARDS & MEMBERSHIP

Dean's List Award – Spring 2024-2025

American International University-Bangladesh

- Recognized for outstanding academic performance

IEEE AIUB Student Branch – Member

- Participated in workshops, seminars, and coding competitions
- Collaborated on tech events and initiatives

PERSONAL INTERESTS

- Web application design and development
- Exploring new JavaScript frameworks and technologies
- Problem-solving challenges and coding competitions
